

READY TO SET SAIL?

Pre-departure checklist

The essentials to check **before your trip with Riverly**, organized by deadline. Check items off as you go: **print this page** or keep it on your phone.

STEP BY STEP

2 TO 3 WEEKS BEFORE

Getting to the base

- ☐ Book your **train or plane tickets**.
- ☐ Book your **transfer from the train station or airport** directly with the base (except Ireland).
- ☐ Plan your route: driving directions and GPS coordinates are on your base's page.
- ☐ Children on board: order **life jackets** sized for their weight when you book.

10 DAYS BEFORE

Getting ready

- ☐ **Order your services.**
- ☐ Book your **arrival time slot**.
- ☐ Book your **parking space, bikes and Wi-Fi** if needed.
Free parking with Sérénité+, at bases that have a parking lot.
- ☐ Place your **provisioning order** if needed.
- ☐ Read the **captain's handbook**.

IN THE FINAL DAYS

Final checks

- ☐ **Test the base's GPS coordinates** to avoid any confusion.
- ☐ Your **deposit option** (Bronze, Silver or Gold) can be changed up to departure day.
- ☐ **One-way trip:** contact your reservations team 3 days before to confirm the direction of your cruise.
- ☐ **One-way trip:** book a taxi or vehicle transfer on site, and leave the vehicle's documents.

DOCUMENTS AND PAYMENT

- ☐ **Photo ID** for every crew member: remind everyone.
- ☐ A **Visa or Mastercard** for the security deposit (no Amex, Maestro or other).
- ☐ The **full deposit amount available** in your account on boarding day.
- ☐ Some **cash** for purchases on site.

No deposit, no boat. The deposit is simply held on your card: it is not charged. No checks or cash. It is released within 30 days after you return to port, not necessarily the same day.

WHAT TO PACK

- ☐ **Comfortable clothes** and **non-slip shoes**.
- ☐ A pair of **work gloves** (gardening type) for handling the mooring lines.
- ☐ **Sunscreen** and **essential medications**.
- ☐ **Chargers and cables** for your devices: the outlet on board is a 12 V socket with a USB port only.
- ☐ If your dog is traveling with you: its bowl, blanket and accessories.

GOOD TO KNOW

On arrival at the base

Check the inventory to make sure nothing is missing on board.

In case of an accident, fill out a damage report and tell your departure base right away.

While cruising

No cruising **at night**, in **winds above Beaufort 3**, or outside authorized areas: these cases are covered neither by insurance nor by the damage waiver.

On return

Return the boat clean, even with a cleaning package: it covers general cleaning, not the condition in which you leave the boat.

Without a Sérénité package, fuel and gas are billed by engine hours (Pack Éco-Navigation). Our team refills the tank.

Have a great trip with Riverly!
